Swachh Survekshan 2025: Madurai Tops the List of India's Dirtiest Cities

The Swachh Survekshan 2025 report, released under the **Swachh Bharat Mission**, has once again exposed the deep divide in India's urban cleanliness efforts. While some smaller cities have made impressive strides in maintaining hygiene, several of India's major metropolitan areas have failed to keep up. This year, **Madurai** has topped the list as the dirtiest city in India 2025, followed closely by Ludhiana, Chennai, Ranchi, and Bengaluru.

Background: Understanding Swachh Survekshan

The **Swachh Survekshan** is an annual cleanliness survey conducted by the Ministry of Housing and Urban Affairs (MoHUA) under the **Swachh Bharat Mission (Urban)**. It evaluates Indian cities based on parameters like:

- Solid waste management
- Citizen feedback
- Sanitation and hygiene levels
- Innovation and best practices

The survey covers over **4,000 urban local bodies**, ranking them to encourage competition and continuous improvement.

Important Days News

- Observed annually on **November 3**, **World Jellyfish Day** is a global celebration of one of Earth's most ancient and mysterious sea creatures. These gelatinous, translucent animals have been drifting through our oceans for over 500 million years, predating even the dinosaurs. While many fear their sting, jellyfish play an essential role in marine ecosystems and continue to fascinate scientists with their alien-like biology and resilience.
- **Guru Nanak Jayanti**, also known as Gurpurab, is one of the most sacred festivals in Sikhism. It commemorates **the birth anniversary of Guru Nanak Dev Ji**, the first Sikh Guru and the founder of Sikhism. In 2025, the auspicious occasion will be celebrated globally with immense devotion, prayers, and community service, symbolizing the core Sikh principles of humility, equality, and compassion.
- Every year on **5 November**, the world observes **World Tsunami Awareness Day**, a day dedicated to raising awareness about the risk of tsunamis and the importance of readiness, safety planning and early-warning systems. Established by the United Nations General Assembly in December 2015, this day encourages nations, communities and individuals to turn awareness into action. The theme for 2025 focuses on **"Be Tsunami Ready: Invest in Tsunami Preparedness"**, highlighting the need for proactive investment in infrastructure, early-warning systems, community training and resilient coastal planning.

- Each year on **November 6**, the world observes the **International Day for Preventing the Exploitation of the Environment in War and Armed Conflict**, a United Nations-designated occasion that emphasizes the devastating impact of warfare on the environment. As wars continue to wreak havoc globally, the environment often becomes the silent victim — degraded, polluted, and irreversibly damaged. This day reminds us that peace and sustainability go hand in hand, and that environmental protection must remain a priority even in times of conflict.
- Every year on **November 7**, India observes National Cancer Awareness Day to spread awareness about the importance of early detection, lifestyle modification, and timely treatment of cancer.
